INDEPENDENT AUDITORS' REPORT

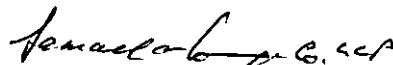

We have audited the accompanying balance sheets of East West Securities Co. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with generally accepted auditing standards in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of East West Securities Co. (A Partnership) as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supporting schedules are presented for the purposes of additional analysis and are not required parts of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

East West Securities Co
(A Partnership)
Notes to the Financial Statements
for the years ended December 31, 2007 and 2006

1. The Company

East/West Securities Co. was formed as a Partnership on June 11, 1981 under the laws of the State of California. A written partnership agreement was executed on May 20, 1993, formalizing the existing business relationship.

East/West Securities Co. is a registered broker/dealer servicing individual and institutional investors in the U.S. and abroad.

The organization consists of two partners, with Nai Fung Chen owning a 51% interest and Leslie U. Harris owning a 49% interest. Income or loss is being shared in the same proportion. The Company operates as a broker/dealer registered pursuant to Section 15-b of the Securities Exchange Act of 1934.

2. Summary of Significant Accounting Policies

The Company maintains its general ledger and journals with the accrual method of accounting. Accordingly, the accompanying financial statements have been prepared on the accrual basis of accounting. A summary of significant accounting policies is outlined below: -

(A) Property and Equipment

Property and Equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

Property and equipment are depreciated over their estimated useful lives ranging from 3-7 years by the straight-line method.

(B) Income Taxes

According to Subchapter K, Part I., Section 701 of the Internal Revenue Code, there is no provision for income taxes, since a Partnership is not a taxable entity. Individual partners report their distributive shares of partnership income or loss for tax purposes.

for the years ended December 31, 2007 and 2006

(C) Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

(D) Securities Transactions

Securities transactions are recorded on a settlement date basis, except for proprietary transactions and the related expenses, which are recorded on a trade date basis.

(E) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(F) Reclassifications

Certain accounts in the prior-year financial statements have been reclassified to conform with comparison of the current-year financial statements.

(G) Recognition of Revenue

The Company recognizes commission revenue at the point when an open trade order has been executed and confirmed by the trade counterparty.

(H) Investments in Marketable Securities

The Company invests in debt and equity securities which are held as available for sale. The company records these securities at their fair market values, and recognizes changes in those values in unrealized gains and losses, as part of changes to partners' capital. When the securities are sold, the gains or losses are recognized in other income. Current quotations are used to estimate the fair values of these securities.
